PROFESSIONAL SUMMARY

Finance & data analytics professional with 10 months' experience in ERP accounting, MIS reporting, internal audit, and GST compliance. Managed INR 50L+ monthly billing at Oldmed Healthcare with 100% ledger accuracy, cut inventory discrepancies by 20% and MIS reporting time by 30%. Skilled in Tally ERP 9, Advanced Excel, Power BI, Tableau, Python, and SQL. Patent filed. US CMA in progress.

EXPERIENCE

Accountant Intern — Oldmed Healthcare Pvt. Ltd., Lucknow

May 2025 – Feb 2026

- Managed INR 50L+/month billing via Tally ERP 9 & CBO with 100% ledger accuracy across GSTR-1/3B filings and account reconciliations.
- Conducted batch-wise inventory audits with expiry tracking, reducing stock discrepancies by 20% and supporting internal audit with zero non-compliance.
- Built Advanced Excel MIS dashboards (Pivot Tables, VLOOKUP, Macros) that accelerated report generation by 30% for senior management.

Sales Growth Trainee — Metvy (Remote)

Jun – Jul 2024

- Performed competitor analysis across 5+ segments, tracked 50+ leads, and supported revenue forecasting with Excel dashboards.

KEY PROJECTS

- Startup Financial Model — Cattle Healthcare IoT:** Built a 24-month integrated model (P&L, BS, CF) with DCF, Revenue Multiple, and Cost-Based valuation for an IoT livestock health startup.
- Predictive Analytics — Fatal Vehicle Crashes (Python):** Multiple Linear Regression ($R^2 = 0.87$) using Scikit-learn, with EDA via heatmaps and feature-importance charts.
- Retail Analytics Dashboard — Le Broc (Tableau + Excel):** Interactive dashboard covering revenue, demographics, and KPI analysis after a full data quality audit.
- ESG & Sustainability Analysis — Redtape (GRI + BRSR):** Benchmarked ESG across 12 indicators vs FTSE 100; produced a materiality matrix and 5 board-level recommendations.
- Smart Food Preservation System — Patent Filed:** Co-invented an IoT vending system with shelf-life monitoring, dynamic pricing, and RFID inventory tracking.
